Dear Visiting Student:

Upon the review of the recommendation of Professor Deniz Erdogmus, I am inviting you to join us as a Visiting Student in the Department of Electrical and Computer Engineering at the College of Engineering at Northeastern University's Boston Campus ("Northeastern"), to conduct research on applications of machine learning to physiological data analysis from February 1, 2022 to July 31, 2022 (the "Program"). For the duration of this unpaid visiting appointment, you will focus on your research in applications of machine learning to physiological data analysis under the advisement of your host Professor Deniz Erdogmus. As a Visiting Student, you are expected to spend no more than 20 hours per week supporting your research.

I understand that you are currently a student at The Polytechnic University of Catalonia, Spain will remain enrolled as a student at The Polytechnic University of Catalonia while you are a Visiting Student at Northeastern. If your affiliation with The Polytechnic University of Catalonia changes, you are required to notify Deniz Erdogmus immediately. At all times during the period of this visiting appointment, you will be responsible for the payment of your travel and living expenses, including health care, through non-Northeastern sources. As a Visiting Student, you will be registered for a research course at no cost to you, making you eligible to access a range of Northeastern resources, including the library and other facilities.

The Office of Global Services (OGS) collaborates with Northeastern's academic departments and colleges to support visiting students who are hosted at Northeastern to engage in their research objectives. OGS offers a variety of cultural events and programs throughout the year that we strongly encourage you, as a Visiting Student, to participate in to enrich the quality of your experience at Northeastern and in the United States.

Please note that Exchange Visitor Program visitors (EVP; previously known as the J-1 visitor program) are required to arrive in the U.S. and attend OGS orientation prior to your Visiting Student appointment start date. If you experience any delay in obtaining your J-1 visa at a U.S. Consulate and may not be able to arrive on-campus before your appointment start date, please notify your host faculty member and Natalia Saletnik in your college immediately.

You are required to familiarize yourself with and abide by the Code of Student Conduct (<http://www.northeastern.edu/osccr/wp-content/uploads/2018/11/Code-of-Student-Conduct-2018-2019-Final.pdf>) and all other Northeastern policies and procedures which

pertain to you as a Visiting Student at Northeastern. These policies and procedures may evolve over time and are subject to change.

In connection with your Visiting Student appointment, you may be supplied with or have access to confidential and proprietary information relating to Northeastern. It is important for you to understand that any unauthorized or inappropriate use, appropriation, reproduction or disclosure of such information supplied by and relating to Northeastern is prohibited.

This letter represents the entire agreement between you and Northeastern, and supersedes any and all other prior written or oral agreements regarding this visiting appointment. The terms of this letter and appointment may only be amended or modified in writing by an authorized Northeastern representative.

We look forward to having you with us as a Visiting Student in the Department of Electrical and Computer Engineering at the College of Engineering at Northeastern's Boston Campus. If the terms outlined above are acceptable, please sign this letter where indicated below and complete the Visiting Student Research Registration form (<https://registrar.northeastern.edu/article/visiting-student-research-registration/>) and return them to Natalia Saletnik (n.saletnik@northeastern.edu) If you have any questions, please feel free to contact Professor Deniz Erdogmus erdogmus@ece.neu.edu..

We look forward to your visit.
Sincerely,
